GIODI inspiration of light
is a brand of:

Inspiration of light

Il campionario aziendale è articolato in due diverse linee di prodotto, che utilizzano linguaggi espressivi diversi tra loro, sempre accomunati però da una stessa filosofia progettuale e da una stessa passione di GIODI per la luce.

Prodotti dalla spiccata vocazione al design e alla ricerca tecnologica, che si proiettano verso il futuro con un abbondante utilizzo di fonti luminose a LED.

Apparecchi di illuminazione tecnica e commerciale orientati a risolvere le esigenze illuminotecniche con una grande attenzione al risparmio energetico e al controllo degli scenari luminosi.

The products are distributed through two different product lines, which use very different expressive styles, yet sharing the very same planning philosophy and the same passion for Lighting.

Products characterised by a vocation for design and innovative technology, looking at the future with a massive use of LED technology.

Technical and commercial lighting, created specifically for architects, contractors, interior designers and electrical wholesalers, paying great attention to energy savings and the control of luminous scenarios.

GIODI stellt zwei Marken hauptsächlich vor, welche von einwandfreier Qualität, strengen Planungskriterien und hohen stilistischen Standards kenngzeichnet werden.

Die Premium-Marke von GIODI, die von bekannten Designern entwickelt und konzipiert wurde, vereint neueste LED-Technologie und Materialien in außergewöhnlichem Design.

Das technische Bereich, wo das Unternehmen als Marktführer gilt und verfügt weltweit über die wohl breiteste Produktpalette von Systemen, Profi-Downlights, LED Produkten usw in unterschiedlichen Designs.

Les produits sont distribués par deux marques différentes pour satisfaire n'importe quelle demande, du produit technique au produit de design, du produit décoratif au produit pour le secteur commercial.

Le produit haut de gamme, de très grande qualité et au design exclusif avec les avantages de la nouvelle technologie à LED.

La estrategia de la Compañía es proyectar, fabricar y distribuir productos agrupados en dos diferentes líneas

Productos de design y de forma innovadora, caracterizados por la innovación técnica de los LEDs.

GIODI

Una collezione di prodotti decorativi per uso abitativo e residenziale, con le forme pure e le linee essenziali di un design sempre attuale, capace di inserirsi in qualsiasi contesto architettonico.

Decorative lighting for domestic and residential use, characterised by the pure and essential lines of a timeless design, fitting into any architectural environment.

Wohnraumleuchtenartikel, welche Atmosphäre, Stimmungen und Emotionen schaffen. Tradition und Innovation zusammen für diese Kollektion mit klaren Linien, funktionellem Design und keinen Schnörkeln.

.Gamme de luminaires contemporains avec une polyvalence remarquable et un style indémodable et hautement décoratif.

Aparatos de iluminación para uso técnico comercial.

Colección de punto de luz para uso del hogar con diseño moderno.

SHADOW

Design Matteo Ragni

È una forma che dialoga con un'icona del paesaggio domestico: l'abat-jour. I materiali e la luce fanno il resto: il diffusore in metacrilato, quando la luce è accesa diventa un pretesto per trasformare Shadow in un oggetto luminoso dalla forte presenza iconica, e il metallo a specchio che trasforma la luce in ombra. Un'ombra che si proietta come un'eclissi lungo i bordi, oppure più lontano, su di un muro.

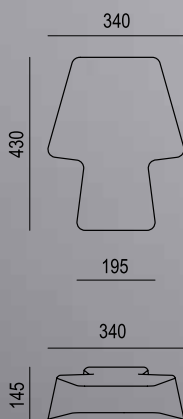

Lampada polifunzionale, trova impiego nella camera da letto come nel soggiorno. E' certamente un oggetto di design, essenziale nelle forme e pulizia delle linee. Struttura in metacrilato Opale, disponibile in un'unica finitura Bianco, lastra frontale a Specchio. L'illuminazione è data da una lampada fluorescente compatta da 24w.

At first sight it seems to be a classic abat-jour; but soon we realise it is unique and different. The combination of different materials, i.e. metal/mirror and methacrylate, achieves a result that surprises: the light from the diffuser subtly illuminates the perimeter of the mirror creating a warm and pleasant atmosphere, projecting the shadow along the borders and even farther onto the wall.

Polyfunctional lamp fitting properly any residential area, characterised by sobre yet elegant design. Body made of opal methacrylate, available in white with a mirror on the front side. For use with a 2G11 24W bulb.

NIGHT&DAY

Design Joe Velluto

LED
SMD

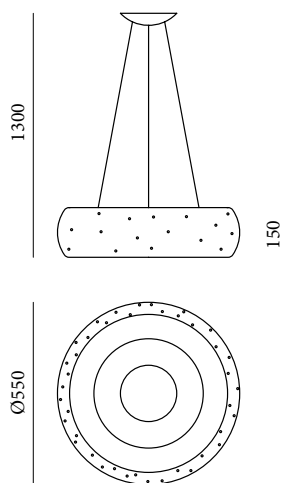

Una elegante sospensione che pur svolgendo la sua abituale funzione nasconde un lato pressoché romantico. Alla sua accensione piccoli punti si illuminano come stelle in un cielo notturno...per trovare anche nel più classico degli oggetti un lato ludico e inaspettato.

A very elegant pendant luminaire with a romantic touch, compact and with a great personality. It looks particularly effective when it is illuminated with a number of small points of LED lights starring the diffuser. Perfect to provide elegance in any place requiring soft and elegant lighting effects.

diAMANTE

Design Roberto Favaretto

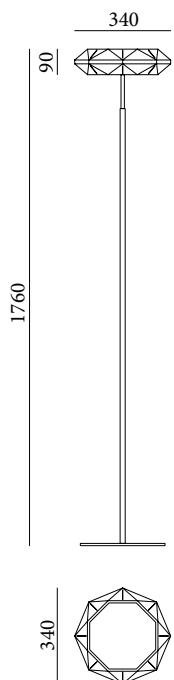

LED
SMD

Il design moderno è dominato da linee e spigoli, una concentrazione di forme geometriche essenziali. Ecco l'interpretazione di Favaretto di questa tendenza, ampiamente applicata ai nuovi stili d'arredamento: figure geometriche che si mescolano a tagli di luce, spigoli e linee perfettamente iscritte in un cerchio! Disponibile in finitura Bianco o Nero.

Modern design given by essential geometrical lines. This is Roberto Favaretto's way of interpreting the latest trends, fully applied to the new furnishings styles: geometrical shapes mixed with light cuts, sharp corners and spatial lines forming a circle! Available in a choice of white or black painted.

SHOWER LIGHT

Design Giulio Iacchetti

LED
SMD

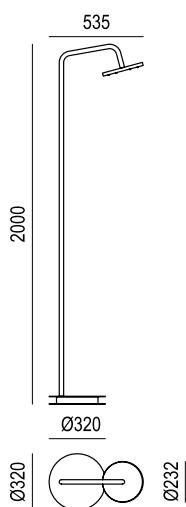

Shower-Light è una dislocazione di senso. Una doccia che si sposta, che cambia significato, che si fa lampada. Un'assurdità? A quanto pare no, perché l'oggetto ha l'essenzialità di un'eleganza sofisticata e la linea precisa di una forma progettata. Per diventare un nuovo simbolo.

Shower-Light is a revolutionary concept which goes beyond the traditional idea of light. A shower which becomes a luminaire providing amusement and fun. Something totally different from what you would normally expect from a lamp? Not at all, because sophisticated elegance and rigorous lines are crucial factors. To become a new symbol.

elettronico "a tocco" per la selezione delle
diverse soluzioni luminose.

*The luminaire is switched on electronically by lightly
touching the button. In addition it gives minimal
consumption and reduced maintenance.*

MICRO

Design Odoardo Fioravanti

LED
SMD

Se il LED è una piccolissima lampadina perché non pensare a una piccolissima lampada da costruire intorno ad esso? Na-sce così la Micro alta come un accendino, grande quanto una mela. È una piccola-grande lampada che racconta un cambio improvviso di scala e di percezione.

Materiali: base in pressofusione d'alluminio, diffusore in metacrilato bianco, elemento ottico interno diffondente in policarbonato satinato. Alimentatore elettronico a spina.

La piccola Grande lampada: progettata per un facile smaltimento: a fine vita del prodotto, ciascun elemento è facilmente separabile per un corretto smaltimento.

If LED is a very small light source, why not create a very small lamp around it? Micro comes out as a result of this premise, not higher than a lighter, as big as an apple. It is a small-big lamp witnessing a sudden change in scale and perception.

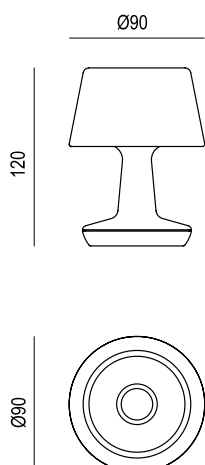

Die-cast aluminium base, diffuser in white methacrylate. Designed for easy dismantling: at end of product life, each element is easy to be separated for easy dismantling.

TÊTE A TÊTE

Design Joe Velluto

LED
SMD

Una cena a lume di candela, l'abito più bello e sensuale, il momento più atteso fievolmente illuminato dalla luce filtrata dalla maliziosità dell'organza nera, tra un sedile dell'auto e il freno a mano.

Tête à tête è una lampada versatile, e può essere collocata ovunque poiché dotata di gancio e presa di alimentazione da 12V per l'accendisigari da macchina.

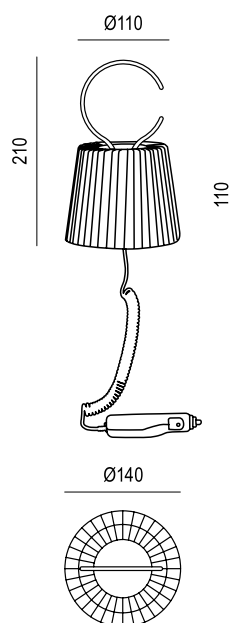

Quando si possiede la comodità delle mura domestiche, può trovare spazio in casa grazie ad un supporto che la trasforma in lampada da tavolo.

A candlelit dinner, a sensual and extravagant dress, the most awaited moment with the light slightly filtering through a malicious black organdie lampshade between the car seat and the handbrake.

Tête à tête is a versatile and functional luminaire, whose light head can be moved and placed anywhere

thanks to a metal hook and to the 12V supply suitable for car lighters. Yet, it can find proper place in a comfortable house thanks to a device transforming it into a table lamp.

LED
SMD

Serie di lampade a luce mista (diffusa sopra e diretta sotto) da parete, tavolo, terra e sospensione. Il riflettore è realizzato in metallo piegato che dà vita ad un elegante gioco di luci vedo-non-vedo, disponibile verniciato bianco o con applicazione di foglia oro 24K. Disponibile anche con illuminazione a LED SMD multi-chip a luce bianca naturale.

Modern collection of lamps including wall, table, floor and pendant versions giving mixed lighting (diffuse upwards and direct downwards). The reflector is in laser cut and bent metal, letting light filter through in a soft yet playful way. Available in white painted or with 24K gold foil. Also available with multi-chip SMD LED natural white light.

Kollektion von Hänge-, Wand-, Tisch- und Standleuchten für diffuse Lichtverteilung nach oben und direkte Lichtverteilung nach unten. Reflektor aus gebogenem und Lasercut Metall, verfügbar in weiß lackiert oder blattgold 24K. Die kleinen Schlitz ziehen die Blicke an und durch sie dringt das Licht auf die diskrete Art ein. Die Leuchte ist auch mit LED SMD multi-chip erhältlich, naturweiß.

Collection de lampes disponible en applique, table, lampadaire et suspension pour éclairage diffuse au dessus et directe vers le bas. Le réflecteur est en métal coupé laser et plié, disponible dans la finition vernisé blanc ou en feuille d'or 24K. Les petites fentes laissent filtrer la lumière dans une façon délicate et élégante. Le produit est aussi disponible dans la version avec LED SMD multi-chip, lumière blanche naturelle.

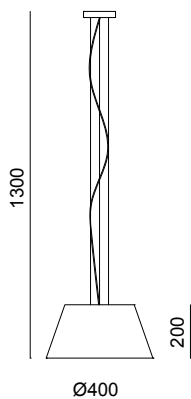

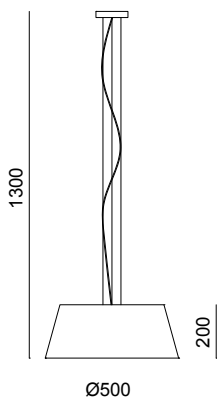

Serie de luminarias de luz difusa y directa de pared, mesa, pié, y suspensión. Reflector en metal realizado con tecnología láser y plegado para darle una forma simple pero al mismo tiempo elegante. Disponible en pintado blanco y con baño de oro 24K. Disponible tambien con LED SMD multi-chip a luz blanca natural.

Design Roberto Favaretto

Serie di lampade a luce diffusa da parete, tavolo, terra e sospensione. Struttura in metallo cromato, base in metallo verniciata nei colori bianco o nero. Diffusore in vetro extrachiaro serigrafato bianco o serigrafato nero e satinato o foglia oro 24k. Il decoro riprende motivi tipici degli anni sessanta rivisitandoli in un contesto attuale, creando interessanti effetti di trasparenze e bagliori diffusi.

Range of wall, table, floor and pendant lamps giving diffused light. Metal frame in chrome finish, painted base. Glass diffuser white silk-screen printed or satin black silk-screen printed or with gold foil. The collection is inspired by the 60s, yet still having a contemporary style; the elegant effects of transparencies and flashes make it unique for domestic and contract applications.

Leuchten Serie mit Streulicht für Wand-, Tisch-, Steh- und Hängeleuchte, Metallarmatur chrom, Basis lackiert. Diffusor aus extra-klarem und siebgedrucktem Glas weiß oder siebgedrucktem schwarz satiniert oder mit Gold-Folie. Die Kollektion inspiriert sich zu den 60er-Jahren, jedoch mit einer Touch cooler Technik. Das Dekor des Glases bietet interessante Spiele von Transparenzen und diffusen Schimmern an. Geeignet für den Wohnbereich sowie auch für die Hotellerie.

Collection d'appliques, lampes de table, lampadaires et suspensions à lumière diffuse. Structure en métal, finition chromé, base vernisé. Diffuseur en verre extra-clair serigraphié blanc ou serigraphié noir et satiné ou avec détails en feuille or. Le décor reprend le style des années 60, toutefois lui donnant une touche absolument unique de fraîcheur et originalité dans le design. À noter les effets de transparence et de lueurs du verre serigraphié.

Serie de lámpara de luz difusa de pared, mesa, de pie y suspensión. Estructura de metal cromado, base pintada. Difusor de cristal extra-claro serigrafado blanco ó serigrafado negro y satinado ó con lámina de oro. La decoración toma motivos típicos de los años sesenta adecuándolos a un contexto actual, creando interesantes efectos de transparencia y difusos.

Serie di lampade da parete a luce indiretta o diffusa. Struttura in metallo verniciato. I riflettori possono essere in metallo con finitura nichel spazzolato, bianco o foglia oro; oppure in vetro con le seguenti finiture: vetro verniciato bianco o specchio. Le elettrificazioni possono essere a scelta fra fluorescenza, incandescenza, alogena e LED SMD multichip.

Wall mounted luminaire for down/upwards or diffuse light emission with a simple and essential design. For use with compact fluorescent, incandescence, halogen or Multichip LEDs. Body in painted metal, front cover in a choice of brushed nickel or painted metal (white or gold foil), white painted glass or mirror. Satin pyrex glass on top and bottom.

Moderne Wandleuchte mit einfachen und Minimalinien mit indirekter oder diffuser Lichtverteilung. Für Energiesparlampen, Glühlampen, Halogenlicht sowie auch mit Multichip LED. Struktur aus Metall lackiert, Frontabdeckung erhältlich in verschiedenen Oberflächen: Nickel gebürstet, Metall weiß lackiert oder blattvergoldet, Glas weiß satiniert mit transparentem Rand oder Spiegelglas. Top- und Unterteil aus satiniertem Pyrexglas.

Moderne série d'appliques pour utilisation en intérieur au design simple et minimaliste, donnant éclairage indirecte ou diffuse. Pour utilisation avec des lampes fluocompactes, à incandescence, halogènes ou LED Multichip. Structure en métal vernisé, diffuseur frontal disponible en métal vernisé blanc, décoré à la feuille d'or ou en nickel brossé; disponible aussi en verre vernisé blanc ou en verre glace.

Aparato de iluminación de pared, fijo, para utilizar en ambiente interno, para iluminación indirecta y difusa. La iluminación la facilita una lámpara a incandescencia, fluorescencia, halógena ó LED Multichip. El cuerpo de la lámpara esta construido en metal pintado blanco, la parte frontal es disponible en acero ligeramente bruñido, metal pintado blanco, vidrio pintado blanco o vidrio espejo.

Indice protezione IP XY Protective degree

Il prefisso IP (International Protection), seguito da due cifre significative, indica la resistenza offerta dall'apparecchio alla penetrazione di solidi e liquidi.
The code IP (International Protection), followed by two significant numbers, states the resistance of the fitting to the penetration of solids and liquids.

La prima cifra identifica il grado di protezione contro l'ingresso di corpi solidi. <i>The first number identifies the protection degree against the entry of solid bodies.</i>	La seconda cifra identifica il grado di protezione contro l'ingresso di liquidi. <i>The second number identifies the protection degree against the entry of liquids.</i>
<p>IP 1Y Protetto contro la penetrazione di corpi solidi di dimensioni superiori a 50 mm. <i>Protected against the entry of solid bodies with dimensions of more than 50 mm.</i></p> <p>IP 2Y Protetto contro la penetrazione di corpi solidi di dimensioni superiori a 12 mm. <i>Protected against the entry of solid bodies with dimensions of more than 12 mm.</i></p> <p>IP 3Y Protetto contro la penetrazione di corpi solidi di dimensioni superiori a 2,5 mm. <i>Protected against the entry of solid bodies with dimensions of more than 2,5 mm.</i></p> <p>IP 4Y Protetto contro la penetrazione di corpi solidi di dimensioni superiori a 1 mm. <i>Protected against the entry of solid bodies with dimensions of more than 1 mm.</i></p> <p>IP 5Y Protetto contro la penetrazione della polvere. <i>Protected against entry of dust.</i></p> <p>IP 6Y Protetto completamente contro la penetrazione della polvere. <i>Completely protected against entry of dust.</i></p>	<p>IP X0 Non protetto. <i>Unprotected.</i></p> <p>IP X1 Protetto contro le cadute verticali di gocce d'acqua. <i>Protected against the vertical falling of water drops.</i></p> <p>IP X2 Protetto contro le cadute dell'acqua con inclinazione massima di 15°. <i>Protected against the falling of water with maximum inclination of 15°.</i></p> <p>IP X3 Protetto contro la pioggia. <i>Protected against the rain.</i></p> <p>IP X4 Protetto contro gli spruzzi. <i>Protected against sprinklings.</i></p> <p>IP X5 Protetto contro i getti d'acqua. <i>Protected against water jets.</i></p> <p>IP X6 Protetto contro le ondate. <i>Protected against heavy waves.</i></p> <p>IP X7 Protetto contro l'immersione temporanea. <i>Temporary immersion proof.</i></p>

Legenda simboli Symbols

	<p>CLASSE I CLASS I</p>	<p>Apparecchi con parti metalliche costantemente collegate al circuito di terra. <i>Equipment with metal parts constantly connected to the earth circuit.</i></p>
	<p>CLASSE II CLASS II</p>	<p>Apparecchi con parti in tensione isolate tra loro e verso l'esterno con un doppio isolamento e senza dispositivi di messa a terra. <i>Equipment with live parts insulated from one another and from the outside with double insulation and without earthing devices.</i></p>
	<p>CLASSE III CLASS III</p>	<p>Apparecchi alimentati con tensione di sicurezza inferiore ai 50V. <i>Equipment powered with safety voltage lower than 50V.</i></p>
	<p>Conforme alle direttive CEE. <i>Conformity with CEE directives.</i></p>	
	<p>Apparecchi idonei per essere montati su superfici normalmente infiammabili. <i>Equipment suitable to be fitted on normally inflammable surfaces.</i></p>	

Tutti i prodotti di questo catalogo sono conformi alla direttiva RoHS (normativa 2002/95/CE).
All of the product in this catalogue are in compliance with the RoHS directive 2002/95/CE.

A norma della Direttiva Europea 2000/55/EC sugli alimentatori per lampade fluorescenti si ricorda:
 "BALLAST MAGNETICI fino alla classe B2 sono banditi dal 01/09/2005"

*According to the European Directives 2000/55/EC on the ballasts for fluorescent lamps, we remind that
 "Magnetic Ballasts until Class B2 cannot be used from 01/09/2005"*

Nonostante l'impegno di fornire informazioni sempre più accurate, i dati riferiti ai prodotti, che RggCo. SRL divulga in buona fede, sono da ritenersi puramente indicativi.

Nella continua ricerca di miglioramenti tecnici e funzionali, RggCo. SRL si riserva il diritto di apportare, in qualsiasi momento, modifiche anche sostanziali ai prodotti.

Tutte le lampade illustrate in questo catalogo unitamente a tutto quanto in esso contenuto (testi, disegni, immagini) sono di proprietà di RggCo. SRL e sono protetti dal Diritto di Riproduzione.

La marcatura CE indica che il prodotto soddisfa gli obblighi di legge in merito alle Direttive Comunitarie Europee applicabili allo stesso.

Garanzia - L'azienda produttrice garantisce il prodotto secondo le attuali Normative Europee. La garanzia prevista, comunque, non è operante nel caso di danni causati dal montaggio non a regola d'arte di terzi, di manomissione del manufatto e quant'altro non riferibile a difetti originari e/o di costruzione.

At RggCo. SRL we are committed to providing completely accurate information. However, the data contained in the present catalogue are published in good faith only and should be considered as purely indicative.

All the luminaires illustrated in detail in this catalogue and all the materials pertaining there to (texts, drawings, photographs) are under Copyright protection.

The CE symbol is your assurance that the product bearing the mark meets all the requirements prescribed by law, as contained in the Europea Community directives which apply to that product.

Guarantee - The manufacturer guarantees its products according to the current European Directives. The guarantee on our products is not valid in case of any alterations or damage resulting from adaptations, changes or adjustments which may have been made to the product without the prior written consent of the manufacturer.

Obwohl wir uns darum bemühen, immer präzisere Informationen zu geben, sind die Daten, welche von der Fa. RggCo. SRL in gutem Glauben verbreitet werden, als reine Richtwerte anzusehen. Alle Abbildungen und Angaben bezüglich Maße, Farbe usw unterliegen eventuellen produktionstechnischen Toleranzen und sind unverbindlich. Produktänderungen behalten wir uns jederzeit vor. RUGGIU steht für höchste Sicherheit und Qualität; alle unsere Artikel entsprechen den festgelegten europäischen Normen.

Garantie: die Herstellerfirma garantiert seine Produkte gemäß der aktuellen Europäischen Normen. Der Hersteller übernimmt keine Verantwortung für Verletzungen oder Schäden, die die Folge unsachgemässen Gebrauchs der Leuchte sind.

Malgré tous nos efforts pour fournir des informations de plus en plus précises, les données inhérentes aux performances que RggCo. SRL communique en toute bonne foi ne doivent être considérés qu'à titre indicatif.

Tous les produits illustrés dans ce catalogue (texts, dessins, images) sont protégés par le droit de reproduction. Le symbole CE indique que le produit est conforme aux obligations législatives des directives communautaires applicables à ce produit-là.

Garantie - Tous nos produits bénéficient d'une Garantie Constructeur selon les Normes Européennes courantes. La garantie ne s'applique pas à tout dommage causé par le non-respect des instructions d'utilisation du produit.

No obstante el empeño por suministrar informaciones cada vez mas precisas, los datos que se rifieren a las prestaciones que el RggCo. SRL divulga de buena fe, se deben considerar como puramente indicativos.

Todos los modelos ilustradas de manera mas exacta en el presente catalogo junto a todo lo que contiene (textos, disenos, imagenes), estan protegidos por el derecho de reproduccion.

Garantía - La empresa fabricante garantiza el producto según la normativa vigente en el país en que se comercializa el producto. La garantía prevista, pierde su validez por daños causados en el montaje ó en su manipulación, y por no cumplir las instrucciones de uso ó instalación y por cualquier otro motivo ajeno a defectos de fabricación.
